

BADUSTREAM™ Over-the-Wall

Water Treadmill

Treadmill swimming is now convenient and economical. The BaduStream Over-the-Wall Unit provides great exercise and terrific recreational fun for existing pools.

Features

- A. One piece body is molded of a heavy duty polyethylene plastic immune to chemicals and environmental abuse, to provide a rugged and attractively styled water treadmill.
- B. Square anti-vortex cover provides undetectable pump suction.
- C. Adjustable water flow jet nozzle.
- D. Pneumatic on/off button guarantees complete separation between pool water and pump motor control.
- E. Air regulator controls amounts of air bubbles in water flow.
- F. Control box with **GFCI**.
- G. Speck 4 HP self-priming, plastic pump, single phase with thermal overload (no motor starter required).
- H. Pulsating massage hose can be attached to jet nozzle. (optional)

Complies with UL 1563
Swimming Pool Equipment
Listing #E212148

Installation

This unit can be mounted over the wall of most pools with little installation, effort or cost.

The **BADUSTREAM** Over-the-Wall has no protruding parts ensuring pool users safety.

This self-contained unit comes complete with pump, control box, unit-to-control box cable and mounting hardware. It requires no additional equipment for installation. Just supply pool, water and electricity.

Pump and control also available in 3 phase. Read all instructions before installing

Consult your physician before attempting any strenuous exercise. This product may not be challenging or satisfying for all levels of exercise.
