## MICROBRITE® COLOR AND WHITE LED LIGHT

The brightest, most compact pool and spa LED light available.

Whether you're upgrading an older lighting system or building a new pool or spa, there's no better choice than MicroBrite Color and White LED Lights.

### KEY FEATURES

#### Brilliant LED excitement in a small package

The brightest ultra-compact light available. Premium LED illumination and vibrant colors from a light just 3.5 inches long.

#### Add visual excitement

Be creative with horizontal or vertical installation in water as shallow as four inches. Add visual excitement to steps, sun shelves, swimouts and water features.

#### Versatile upgrade for fiber-optic lighting

Suitable for retrofit into many pools with older fiber-optic systems.

#### Fits where others don't

Fits into narrow walls and tight spaces for ultimate design and lighting flexibility.

#### Efficient, brilliant light

Energy-saving, money-saving LED efficiency from the industry's most compact 12V LED plastic light.

#### Great colors

Syncs with Pentair GloBrite® and IntelliBrite® 5G LED Light fixed colors and color shows.

#### Available in relaxing warm white

MicroBrite Warm White provides the gentle color tone of incandescent lighting, along with all the benefits of reliable, energy-saving, high-performance LED technology.

#### Outstanding light quality

No shadows or hot spots. Uniform color and brilliance.

#### Installs in any standard 1.5-inch pool wall fitting

Fast and simple for professional installation. No niche required.

#### Ready for show time

Connects to any Pentair automation system and the Pentair IntelliBrite® Controller.

#### Long lasting

10X the life of incandescent light.

The MicroBrite Color and White LED Light has earned the EcoSelect® brand distinction as one of the greenest and most efficient choices from Pentair.
