

Luxury Spas

For the Ultimate Experience in Relaxation

Cardinal

WHO WE ARE

Cardinal Systems, Inc. is one of the world's largest and most technologically advanced manufacturers of walls and components for inground swimming pools. For over 40 years, Cardinal Systems, Inc. has been in business providing builders, contractors and architects with products to enhance any outdoor living space. We produce steel walls, steps and benches, aluminum coping, liner track, deck drain, vinyl liners, thermoformed steps and other backyard living products.

The success of the business is based on a simple, founding principle: provide superior products and outstanding service. From our inception, Cardinal has had a strong commitment to precision fabrication, coupled with an aggressive pursuit to engage the latest technology. Through three generations of family ownership and operation, we continually reinvest in our business to stay on the forefront in quality, service, design, and innovation.

From our vinyl liner pools to our luxury spas, Cardinal continues to grow and expand. Cardinal's family of products gives our customers the ability to create the backyard that they always dreamed of. Our facilities, located in Pennsylvania, currently occupy over 300,000 square feet.

BRANDS

The Cardinal Systems, Inc. family of brands consists of:

Cardinal, using the latest technology brings you the best products in the pool industry. Although the heart of our business is steel (pool walls, steps and benches), we offer a wide range of unique products that are custom made for each customer. Products such as polymer (pool walls and custom structural foam molding), vinyl liners (for both inground and above ground swimming pools), and aluminum (liner track and coping) are offered to help create that distinctive pool design that is central to the landscape of your customer's home. The Cardinal brand also offers an exclusive line of Luxury Spas and Ultimate Pool Kits.

Quaker Plastics, our wide range of extrusion and thermoforming products adds depth to the Cardinal brand. Quaker offers products such as deck and paver drains, thermoformed steps and liner bead that are accessible to the pool industry.

HydroBlox, a revolutionary product that is able to handle water mitigation that requires no maintenance and is completely hidden once installed.

Z Poolform, a unique and reusable system for creative, attractive cantilever concrete decks. It is the easiest and most economical, environmentally conscious way to finish your pool project.

All Cardinal Systems, Inc. products are made in the USA.
