

Gree / GPA05AK

5,000 BTU Portable Air Conditioner (DOE/CEC)

Stay comfortable on hot, sweaty days with a Gree portable air conditioner. Gree's selection of portable air conditioners is a great choice to cool and dehumidify any room where a window ac is not possible. Use a portable AC to cool any hot spot or cut back using your central unit by only cooling the room you use the most. Since it is portable, moving it from the living room during the day to the bedroom at night won't be a problem. Easy to set up and operate - roll into place, vent through a window using the included kit, plug into a power outlet, and turn on the relief!

- Portable air conditioner is effective for cooling and dehumidifying a room up to 250 sq. ft.
- Cooling capacity: 5,000 BTUs DOE / 8,000 BTUs ASHRAE
- Dehumidification up to 2.3 pints per hour
- Use this portable AC to cool any hot spot or cut back using your central unit by only cooling the room you use the most
