

MN1CFS8

CLASSIC PORTABLE AIR CONDITIONER

CAPACITY COOLING:

11,000 BTU (ASHRAE) | 8,100 BTU¹ (SACC)

For room up to 400 - 500 Sq. Ft.

Reduce the energy consumption of whole-house central air conditioning by setting up a Honeywell Portable AC in rooms that you actually use. Roll the AC to your preferred cooling area, set up the window kit, switch the AC 'On' and Voila! Immediate cooling without the heavy lifting of traditional window ACs.

3-IN-1 APPLIANCE

Enjoy year round comfort with this versatile appliance offering 3-in-1 functions. The AC provides powerful cooling in the summer, needed dehumidification during humid seasons and the Fan circulates air for everyday comfort.

Product Dimensions (in): 18.1 (W) 15.2 (D) 29.4 (H)
Net Weight: 63.9 lbs

QUICK AND EASY INSTALLATION

Full set window kit included

EASY-VIEW FRONT DISPLAY

With feather-touch control panel

EASY MOBILITY

Roll from room to room with ease

MORE FEATURES

AUTO-EVAPORATION

No Bucket to Drain
(Except in high humidity conditions)

QUIET OPERATION

52 dBA (Max)

ADJUSTABLE TEMPERATURE

61°F to 89°F

ENERGY EFFICIENT PORTABLE COOLING

Cool Only the Room You Need

WASHABLE DUST FILTER

Clean Easily Under a Faucet

SET IT & FORGET IT

24 Hour Energy Saving Timer

STAY DRY, DEHUMIDIFY

50 pints/day*

CONVENIENT DIGITAL CONTROL

Feather Touch Control Panel &
Full Function Remote Control

ECO-FRIENDLY REFRIGERANT

Non-Ozone Depleting Refrigerant
(R410A)

¹ In October 2017, the Department of Energy implemented a new test procedure which takes different factors into account and generates a lower BTU rating of portable air conditioners to indicate capacity. However, the actual capacity has not changed - the difference is simply due to the different test procedure. There have been no internal changes to these units, and the functionality remains the same. Please refer to room size guidelines to find the portable air conditioner that best meets your needs. Please also refer to the Aham website.

The product is tested based on ANSI/ASHRAE Standard 128-2001 and U.S. Department of Energy Standard 10 CFR Pt.430.Subpt.B.App.CC. EL

* All specifications mentioned are under test conditions, actual performance depends on ambient conditions. Specifications may vary in different countries and subject to change without prior notice.
