11 Preset Cooking Programs

Gourmet Cooking at your fingertips.

AirFry TotalFry 360™ Technology

Air fry with little or no oil for healthier, crunchy fried favorites like chicken, shrimp, wings, and French fries. The air fry kit provides more frying surface area with better air circulation compared to traditional air fryers.

True European Convection

Heated air circulates throughout the oven cooking your food faster and more evenly without hot spots. You can even broil and bake foods with direct heat, such as fish, chicken and fresh, oven-baked goods.

4 Pane Glass Door

The oven door meets UL Safety Standards, with insulating Glass which stays cool to the touch and keeps heat inside the oven.

Precision Knobs

Offer precise selection of program, time and temperature

Keep Warm

Keep food warm until you're ready to eat it, without overcooking.

Features:

- Oven Cavity: 2.3 Cu. Ft.
- Display: White LED Display
- Upper Control Panel
- Touch Control
- Stainless Steel Cavity
- Top, Bottom and Back Wall
- Ultimate Cooking Versatility
- 4-layer Heat-insulating Glass
- Aluminum Alloy Handle
